

03 October 2011

Dear Sir,

I am a beginner Scottish Country dancer and a new member of the Toronto RSCDS. My husband, Joel, and I, and a friend, are planning on visiting London approx. mid-January to mid-March. I am looking forward to joining one of the local RSCDS social groups during our time in the UK,

We are wondering if there may be any RSCDS members who would like us to house mind their flat, or house, while they are away during the winter. We need a two-bedroom place. We are mature and responsible retired professionals. We are very good with animals and plants. We have been house minding casually for friends and acquaintances in Canada, Spain and Lincoln, England over the past four years. We can provide excellent references.

My husband is a retired teacher, and I owned a pre/postnatal fitness business for over 20 years, and our friend, David, is an artist and a retired art supply store owner.

Is it possible that any RSCDS members who live in London, or who live on the outskirts of London, would be interested in us house minding, or swapping or subletting? We would be happy to swap our central Toronto apt if someone would like to experience a beautiful Canadian winter.

Thank you for your time and consideration, [Skylar Hill-Jackson](#)
